

## The complete List of John Wayne Radio Appearances

In addition to being a film superstar, his popularity made John Wayne a star on the radio as well. What follows on this page are the known radio appearances of John Wayne. These include radio programs, public service announcements, interviews, and commercials. Although most of John Wayne's films were promoted on the radio, there are so many, they are not included here. A second list is also included on this page, which includes radio programs which aired on radio after the death of John Wayne. These include friends, family members and/or costars relating their memories of John Wayne. As with all the reference lists on this site, all entries are in alphabetical order rather than chronological order.
